By the end of this module, you'll be able to 📌

- 1 Explain in 2 sentences **what Robin des Airs does** and why we exist.
- 2 Understand **EU261 & UK261** (passenger rights) well enough to handle a call.
- 3 Know **your exact role** — and what you must **never** do.

4

Run a call in **English** (and **Wolof** for Gambia): greet, reassure, explain "£0 / €0 upfront".

5

Recite the **key numbers** by heart (€250/400/600 · £220/350/520 · 3h · 25%).

01 Welcome to Robin des Airs

Our reason for being, in one line:

**We take from the airlines,
we give back to families.**

The problem we solve. When a flight is badly delayed, cancelled, or a passenger is denied boarding, **the airline owes them money** (it's the law). But airlines never say so, the process is slow, and people don't know their rights.

Our job. We recover that money **on the client's behalf**, so they don't have to fight.

🤝 Our promise — repeat it to every client

- ✓ **£0 / €0 upfront.** Never a bank card, never money asked.
- ✓ We take **25%** only **if we win**. The client keeps **75%**.
- ✓ **No win, no fee.** If we recover nothing, the client pays nothing.

Why these markets & the diaspora. Flights from **Lagos, Abuja, Accra, Entebbe and Banjul** to Europe & the UK are long and often disrupted, and families travel a lot. Yet nobody ever told them they could be owed up to **£520 / €600**. That's where we help — and where we speak **their language**.

02 Your role: the expert who reassures on the phone

Our edge over competitors: they're **unreachable** (bots, ignored emails). We have **a human who picks up — and speaks English and Wolof**. That's your value.

In practice, you:

Call back clients after they submit	you make first contact and build trust
Reassure	"no, this is not a scam"
Answer questions	simply, with patience
Help complete the file	ticket, passport, boarding pass
Follow up & ask for a Google review	at the right time (see Module 3)

⚠️ How the languages work (very important).

The file is **submitted in English** on WhatsApp (our bot). **You call in English** — and in **Wolof** for Gambian / Wolof-speaking clients — to reassure and unblock. For Nigeria & Ghana, a warm, friendly English (a little Pidgin is fine to build rapport).

✗ Never tell a client "WhatsApp will reply in Wolof" — that's false. Wolof is **you, on the phone**.

What you are NOT: not a lawyer, not a solicitor (see section 06 — this is critical). You are a **claims & recovery specialist**.

03 The product in plain words: EU261 & UK261

Two sister laws that force airlines to compensate passengers — one for the EU (€), one for the UK (£) since Brexit.

The amounts (per person)

Flight distance	EU261 (€)	UK261 (£)
Short — ≤ 1,500 km	€250	£220
Medium — 1,500 to 3,500 km	€400	£350
Long — > 3,500 km	€600	£520

Which law applies? (key for our markets)

The flight...	Law	Example
to / from the UK	UK261 (£) · regulator UK CAA	Lagos → London on British Airways / Virgin
via the EU or on an EU airline	EU261 (€)	Accra → Amsterdam on KLM · Lagos → Paris on Air France · Banjul/Entebbe → Brussels

 **For our markets:** Lagos, Abuja, Accra, Entebbe and Banjul to Europe / the UK are all > 3,500 km = the **top tier** → €600 or £520.

When the passenger is entitled

The flight must have had **one** of these: a **delay of 3h+** on arrival, a **cancellation** (told less than 14 days before), or **denied boarding** (overbooking).

AND the flight must be covered: **departing the EU or UK** (any airline), or **arriving in the EU/UK on an EU/UK airline**.

AND: it must not be an "**extraordinary circumstance**" (extreme weather, external strike, security...), and it must be within the **time limit** (a few years — about 5 in the EU, up to 6 in the UK).

Several people on one booking

Each passenger has **their own** claim. A family of **4 adults** on a delayed Lagos–London = $4 \times \text{£}520 = \text{£}2,080$. → Always ask **how many people** travelled on the same booking.

04 The client: who they are, what they feel

Either they live in the UK / Europe and travel home, or they're at home heading to Europe / the UK. Often **diaspora**. Here are their fears — and how to defuse them:

What they think	Your answer
"This is a scam"	"£0 upfront, the money goes into your account, we only take our share afterwards ."
"I'll have to pay first"	"You pay nothing . If we don't win, you owe nothing."
"It's complicated"	"We do everything . You just send your documents."
"I don't know the law"	"That's normal — it's our job . We handle it all for you."

What builds trust: **warmth**, greetings ("How is the family?"), speaking **their language** (English / Wolof / a little Pidgin), and being **clear about money**.

05 Call scripts — English (& Wolof)

These are **a base**. Use your own natural words. For Nigeria/Ghana, a little friendly Pidgin is fine; for Gambia, switch to **Wolof** (scripts below each step).

● A · OPENING — ALWAYS GREET BEFORE GETTING TO THE POINT

EN "Good morning! How are you? How is the family? My name is [Name], I'm calling from **Robin des Airs**."

WO « Asalaa maalekum ! Naka nga def ? Ana waa kër ga ? Maa ngi tudd [Name], maa ngi jóge Robin des Airs. »

● B · INTRODUCE ROBIN DES AIRS

EN "Robin des Airs is a company that helps people whose flight was delayed or cancelled to recover the money the airline owes them."

WO « Robin des Airs mooy entreprise bu di dimbali ñi seen avion yéex walla ñu annuler ko, ngir ñu jot seen xalis ci compagnie bi. »

● C · THE "£0 / €0 UPFRONT" & THE 25% — THE MOST IMPORTANT

EN "You don't pay anything upfront. If we recover the money, we take 25% and you keep 75%. If we recover nothing, you pay nothing."

WO « Doo fey dara ci sa bopp. Bu fekke danu jot xalis bi, danu jël 25 %, yaw nga jël 75 %. Bu fekke jotunu dara, doo fey dara. »

● D · REASSURE "THIS IS NOT A SCAM"

EN "It's not a scam. We work for your right, and the money goes into **your account — not ours.**"

WO « Du arnaque. Danuy liggéeyal sa droit, te xalis bi, ci sa compte lay dem, du ci sunu bopp. »

● E · STATING ELIGIBILITY — ALWAYS WITH CARE

EN "From what you're telling me, your flight **could** be eligible for compensation, but we'll check it carefully before we confirm."

WO « Ci li nga ma wax, sa vol bi mën na am indemnité, waaye danu koy seetlu bu baax balaa nu la ko wóoral. »

⚠️ Never "you'll **definitely** win." Always "**potentially / we check.**"

● F · CLOSING + ASKING FOR A REVIEW (ONLY IF IT WENT WELL)

EN "Thank you for your trust. If you were happy with this, a Google review helps us a lot — I'll send you the link."

WO « Jërējëf ci sa kéwél. Su la neexoon, mën nga nu bind benn avis ci Google, dafay dimbali nu lool. Damay yónnee la lien bi. »

06 The red line — never cross it

Why this is vital: giving paid "legal advice" or posing as a lawyer is restricted — in France and the UK alike. If we cross the line, we risk a lot. We stay in our lane: **claims recovery**.

✅ You CAN

- ✓ Say whether a file is **eligible or not**, and **why**.
- ✓ Give the **amounts** and explain the **rules**.
- ✓ Say "**potentially** eligible, **we'll check**".

❌ You must NEVER

- ❌ Present yourself as a **lawyer** or **solicitor**.
- ❌ **Guarantee** that the client will win.
- ❌ Give **bespoke legal advice**.
- ❌ Ask for **money / bank details on WhatsApp / a "tip"**.
- ❌ Say we **represent the client in court** — a **partner lawyer** takes over (at our cost).

💡 **The right words:** "**claims & recovery specialist**", "our team", "we'll check", "potentially".

Banned: "lawyer / solicitor", "I guarantee", "legal opinion", "I'll represent you in court". A question outside EU261/UK261 (divorce, other dispute) → "that's for a lawyer".

▼ Show the answer key

- 1. **Yes** — delay ≥ 3h; to/from the UK = **UK261**; long-haul = **£520**.
- 2. Via the EU on an EU airline = **EU261** → long-haul = **€600**.
- 3. **"Nothing.** £0 / €0 upfront; we only take our share if we win."
- 4. **False** — never guarantee. Say "**potentially**, we'll check".
- 5. **3 × £520 = £1,560**.
- 6. **Likely no** — beyond the time limit (about 5–6 years).
- 7. "That's not our area — you'd need a **lawyer**." Not our service.
- 8. **After a positive call** (or when the client is **paid**) — never after a refusal.
